

JAPAN, TIME TO END COAL

Prime Minister Suga,

At this week's G7 Summit, you have a choice - continue backing dirty coal or protect our future by investing in renewable energy. Japan is the only G7 country building coal plants at home and funding them overseas.¹

IT'S TIME TO END COAL.

¹Charting the course away from coal: the G7's leadership opportunity, G7 coal scorecard - sixth edition, E3G, May 2021.
